PROFESSIONAL SUMMARY

Fourth-year Bachelor of Science in Information Technology student at FEU Institute of Technology, specializing in Web and Mobile Applications. Experienced in developing mobile applications using React Native and Swift, with knowledge of SQL, Supabase, mobile UI development, database integration, and user acceptance testing. Seeking an IT internship where I can contribute to mobile or software development while building additional experience in quality assurance and test automation.

EDUCATION

FEU Institute of Technology Expected: September 2027
B.S., Information Technology Specializing in Web and Mobile Technology

PROJECTS

- Printopia:** Lead Mobile Developer | Quality Assurance | Database Management **2026**
- Developed a React Native mobile interface for Android users, including customers, administrators, and employees.
 - Managed a centralized Supabase database that supported shared data between the mobile and web applications.
 - Created and documented user acceptance test cases in Excel to manually test inputs and workflows across the mobile and web applications.
 - Tested API endpoints using Postman to verify request methods, responses, and data exchange between the application and backend.
- Animal Kingdom:** Project Manager | Lead Mobile Developer **2025**
- Led a four-member team in planning and developing a mobile application interface.
 - Developed an iOS mobile interface using Swift and Xcode, implementing interactive components such as text inputs, buttons, and dynamic user interfaces.

CERTIFICATIONS AND TECHNICAL SKILLS
